

# **The Stupendous Superkids'**

## **Class Mission Statement**

**We, the STUPENDOUS SUPERKIDS, will be determined to stay positive and happy no matter what. We will be responsible, pay attention, focus and participate to show our Superkid smarts!**

**We will be helpful, thoughtful, kind and respectful when working as a school, class or small group team!**

**We will keep trying and show our improvements in a data notebook. Our ELA and Math SMA results, and STAR results will indicate a growth trend. We will aim to earn 10 or more Dojo points each week. We will each master at least 2 ACC Math objectives a week, and meet our 3 AR Goals every month.**

**We the STUPENDOUS SUPERKIDS will try our best, never give up and impressively persevere to reach our "YET" goals!**
