

Brighty Pants Mission Statement

We are a class full of smart, determined young minds that like to have fun. We are kind, respectful, and have a sense of humor. We stay on task and have fun while learning in the fourth grade.

We want to be successful and go onto fifth grade. We want to be role models for the whole school. We want to become academically stronger and strive to pass the EOGs at the end of the year. We want to keep working hard to get to the tops of our dreams.

In order to succeed at what we want we will take everything step by step. We will follow directions from our teacher and stay on task. We will turn in quality work and be responsible for our learning. We will aim higher than our goals and have GRIT when we come to a problem. We are the fourth grade **BRIGHTY PANTS of room 17!**
