

# The Stupendous Superkids' Newsletter

Friday, January 19<sup>th</sup>, 2018

The Stupendous Superkids have measured and calculated missing angles (using given or known angles) with accuracy, and used their own inference charts to help answer RI.1 questions on non-fiction passages.

With improved POSITIVE mindsets of "SLOW & CAREFUL" grades will continue improving in Math and Reading!

With this week's **ACC MATH BLITZ** The Stupendous Superkids have, as a class, already mastered a total of 774 objectives in ACC Math – that's an improvement of 25 objectives in just 2 days!!

Congratulations to these 2 students who have already mastered 75% of their AR point goal with higher than 85% comprehension and above their book level goal for January: **Nicolas and Grant**
